School Psychologist–NJ Certified

Description

CORA Services is looking for a Full Time Psychologist to provide services in the Mastery Schools in New Jersey. This individual functions within a multi-disciplinary team providing consultation and psychological evaluations through diagnostic testing and/or diagnostic interviews as well as interpreting this information to parents and/or other professionals.

Responsibilities

- To provide diagnostic and consultative services to students, parents, school, and the other CORA related service personnel
- To conduct professional evaluations with an average of 10 students per month.
- To adhere to agency guidelines and requirements concerning caseload management and accountability.
- Provides clinical input into Unit staffing conferences.
- Administers psychological tests to determine needs of clients.
- Provides intra-unit consultation as necessary.
- Compiles psycho-social histories on families and children assigned for diagnostics and conducts interpretive sessions concerning all clinical evaluations they administer to CORA clients.
- Writes all reports pertaining to psychological services given to clients.
- Participates in all procedures to facilitate special education placement of students.
