Dear Madam/Sir,

The accompanying application is in response to your need for a Summer Camp Leader.

Upon exploring the possible opportunity with your team, I am especially interested in becoming a Summer Camp Leader working for Cora Services, Inc. My strong desire to work with youth is based on my work experience of five years in community service. I believe that being afforded the ability to join your staff, we will discover my role and leadership abilities.

I should note that I possess a compassionate and caring nature. I am flexible in time and location, have reliable transportation and available for work immediately.

I would appreciate the opportunity to meet with you to discuss how my experience and enthusiasm will best meet your needs. Should you desire a team player, I can be reached at the above telephone numbers and addresses.

I look forward to hearing from you soon.

Sincerely,

Jasmine Blackson
