To Whom It May Concern,

It is with great interest that I am forwarding my resume for the School Counselor position at Cora Services.

The position of School Counselor would provide me the perfect opportunity to make use of the experiences I've had as a school counselor, school clinician, family based therapist and partial hospitalization counselor to support the emotional well-being and educational success of the students. In the attached resume, you will note the variety of counseling roles I have had along with the background knowledge and skills that I possess, closely match the required attributes of the School Counselor role.

I am excited for the prospect of a position that allows me to practice these skills and provide individual and group counseling, parent support, academic guidance and social-emotional support. I believe that these skills are essential for fostering success and achievement in each students academic and personal life.

I believe my passion, experience, and genuine interest in serving students would be an asset to this position. I would welcome the opportunity to meet with you during a personal interview to discuss how my skills can be utilized as the School Counselor at Cora Services. I look forward to hearing from you.

Sincerely,

Danielle Greenberg
