

CORA services
Philadelphia, PA

Dear Hiring Manager,

My name is Grace Reilly, and I am a recent graduate of Temple University who recently completed a year of service with City Year Philadelphia. I am interested in your position of Summer Camp Leader, which I heard about through your website. After reviewing the position details, I feel that I would be an excellent fit for this role.

This past year, I proudly served with City Year, an AmeriCorps program dedicated to bridging the education gap in public schools through connecting near-peer AmeriCorps members with under-resourced schools. I served at a middle school in Philadelphia, working with 6th grade students to create and implement interventions for those struggling in the areas of literacy, math, attendance, and behavioral skills. As my year of service has recently come to an end, I find myself wanting to continue to work with students in this capacity, and I feel that becoming a Summer Camp Leader would be a great next step. I would be able to bring my knowledge of the working with students, facilitating interventions and lesson plans, as well as initiative planning to continue supporting young people. I believe that my year of service with City Year has given me the organizational skills and the hard-working ethic that would be beneficial to a position of this nature. I would love the opportunity to continue advocating for students and their rights within their communities.

I would love an opportunity to speak with you more about this position. Please feel free to contact me via telephone or e-mail to arrange an interview. I look forward to hearing from you.

Sincerely,
Grace Reilly
