To Whom It May Concern:

It is with great pleasure that I recommend Taylor Hunt for a position as a Speech-Language Pathologist. I supervised her clinical practicum in an elementary school setting from January to March 2018.

Taylor has presented herself as a professional on a daily basis. She plans and executes developmentally appropriate, goal directed, fun and effective lessons in the areas of articulation, receptive and expressive language, pragmatics, phonological awareness, and fluency. She gives students timely and specific feedback on their performance towards their goals. Taylor also chose appropriate assessment tools, implemented them according to standardization and made appropriate diagnoses and referrals. She used evaluation results to generate appropriate goals. She was able to manage therapy, evaluations, reports and peripheral duties of a hefty school caseload. Taylor's presentation of evaluation findings and IEPs to parents and other team members was well planned, clear and concise.

Taylor is an effective and professional clinician who has shown she is committed to helping her clients/students make gains and maintains a desire to grow as a speech-language pathologist. She quickly responds to advice and suggestions. These are reasons I feel she will be an asset in any therapy setting she chooses to pursue.

Finally, Taylor Hunt is a friendly, kind and hard-working person who is a pleasure to work with. She is highly qualified for a position as a Speech-Language Pathologist.

Please do not hesitate to contact me if you have any questions.

Yours truly,

Noelle Kahney M.A., CCC-SLP
Speech-Language Pathologist
Bucks County Intermediate Unit #22
