To Whom It May Concern,

I have overseen Lacey McAfee in the YMCA Child Care at Marple program for the past 6 months. Lacey worked throughout the summer as an afternoon group supervisor, and was responsible for the safety and wellbeing of 30 preschool-aged students. From the start, Lacey was a team player, and approached students, parents, and staff with a smile and positive attitude. While Lacey took on an internship during the school year, she still works our closing shift (4-6 PM) at least twice a week; even after a day of work, she *still* keeps that smile and enthusiasm!

Please feel free to contact me at any time to further discuss Lacey McAfee, and how she would be a great investment to your organization. If you are seeking a positive, dedicated, and caring individual, you have found one in Lacey.

With confidence and respect,

Amber Berger

A handwritten signature in cursive script that reads "Amber Berger". The signature is fluid and extends to the right.
