

BRITTANY KERNAGIS

(609) 424-4103 Kernagis@alumni.USC.edu 13 Tommy's Meadow Drive, Pemberton, NJ 08068

To Whom It May Concern:

Hello. My name is Brittany Kernagis and I am very excited to have the opportunity to work with your organization as an educator. What I love most about the field of education is the opportunity to share my joy and enthusiasm for learning, and the opportunity to watch others adopt the same love of learning and of school. As an educator, I constantly aim for self-improvement and enjoy learning and implementing ideas that are new to me.

As a graduate of the USC Rossier School of Education (MA in Teaching), I bring with me four years of full-time elementary teaching experience. Having taught kindergarten, first, and second grades, I particularly enjoy the energy and excitement of young learners. Most recently, I spent 18 months in South America working as an Elementary Teacher Trainer/Literacy Coach. As such, I provided one-on-one English literacy coaching to elementary teachers and modeled effective Best Practices. I enjoy working with individuals from diverse backgrounds and, indeed, all of my experiences have been with students from a wide range of ethnic, linguistic, and socioeconomic backgrounds. I am fully credentialed K-8 in California and meet all of the requirements to transfer my credential to this state.

I am very excited about the opportunity to work with you, and look forward to hearing from you at your earliest convenience.

With anticipation,
Brittany Kernagis
