Experience:

School Psychologist- Lakewood Board of Education

Lakewood, NJ

September 2016- Present

Served as a member of the Child Study Team, collaborated with teachers, parents, and related service providers to meet the developmental and social/emotional needs of students in the early education preschool program. Lead IEP and reevaluation planning meetings. Conducted psychological assessments in order to identify student strengths and needs. Conducted functional behavior analysis and developed behavior plans. Case managed a caseload of 70 students.

School Psychologist- CORA Services

Philadelphia, PA

February 2016-June 2016

Provided consultative and diagnostic services with a goal of identifying possible sources of a referred child's difficulties, particularly in the intellectual and personality functioning areas. Lead IEP meetings, composed psycho-educational reports, participated in manifestation determinations, conducted functional behavioral assessments and developed positive behavioral supports.

School Psychology Extern- The Children's Hospital of Philadelphia Center for Autism Research

Philadelphia, PA

October 2015- December 2015

Administered and interpreted measures of cognitive, academic, behavioral and emotional functioning for toddlers, school-age children, and/or adolescents with concerns related to

ASD or other related conditions (ADHD, anxiety, language disorder, intellectual disability). Obtained training in the characterization and diagnosis of ASD.

Paraprofessional - Middletown Township Board of Education

Middletown, NJ

September 2014- February 2016

Provided outcome-oriented interventions that addressed specific targeted behavioral issues with the goal of reducing undesirable behaviors and increasing age appropriate, adaptive behavioral responses in children on the autism spectrum in an academic setting.

Mental Health Associate- Monmouth Medical Center CCIS

Long Branch, NJ

November 2012-October 2014

Functioned as an active part of the treatment team by providing therapeutic interventions and treatments to children ages 5-17 with behavioral and psychiatric disorders on an inpatient psychiatric unit. Provided continuous patient care, supervision, interaction, role modeling, leading therapeutic groups, monitoring patients, de-escalation of patients, and crisis intervention. Also assisted in ADLs and monitoring of vital signs.
