September 2018

1913 S. Warnock St.
Philadelphia, PA 19148

To Whom It May Concern:

I am writing this letter with the aspiration to discuss my potential employment within this organization. I earned my Graduate degree from the College of Education's Counseling Psychology program at Temple University. As a Dean's List graduate from Penn State University in May 2012 with a Bachelor of Arts in Psychological and Social Sciences coupled with my experience as a recipient, member and speaker of the Make-A-Wish foundation, I believe I am an ideal candidate for this position.

I have retained both academic and practical proficiency in the field of a Mental Health Clinician, and can assure my devotion to the position would be unprecedented. I have several years of experience working with children, adolescents and adults in various settings. I have passed the National Counselor Examination for Licensure and Certification (NCE), and have obtained the licensed professional counselor (LPC).

I am compassionate about the therapeutic process, and am passionate about delivering professional, ethnical and competent services. I have been able to establish and maintain rapport with clients while providing them with the tools to develop self-awareness through reflection. During the course of the years, I have been able to work independently and collectively with a team in the work environment, and believe that I would be a great addition to your organization.

Not only have my personal experiences been influential, but also my resume demonstrates my academic background, practicum experience, internship experience and relevant course work in counseling psychology. Please contact me at your earliest convenience to discuss a job opportunity within the organization at 267.463.7629 or via email at Gabriellec623@gmail.com. I look forward to hearing from you.

Sincerely,

Gabrielle Cudemo

Encl.
