

Joseph Miller

5514 Devon Street Philadelphia, PA
c 267-831-7457 * josephmilleroic@gmail.com

Professional Attributes:

Construction

- Secured the frame of structures by installing insulation and drywall and taping over the nails of sheetrock to insure safety
- Operated heavy machinery such as cranes, jackhammers and forklifts and hand-held tools such as crowbars and sledge-hammers to complete demolition.

Maintenance

- Maintained the upkeep of interior and exterior structures of the building and associated grounds.
- Buffed and stripped the floors, vacuumed carpets and polished brass rails.
- Collected debris, rubbish and old furniture from streets and alleyways from various parts of the city.
- Repaired and replaced equipment, furniture and other structures including light bulbs and light fixtures in various living spaces.

Warehouse

- Transported packages from the loading dock and placed them in the warehouse by using a forklift.
- Distributed packages and supplies throughout the hospital to the appropriate recipients.

Housekeeping

- Cleaned and sanitized facilities including bathrooms, patient rooms, and other common areas to eliminate the spread of microbes and bacteria.
- Wiped down beds using sanitizing solutions and bleach and changed liens to insure patient comfort.
- Emptied, changed and sanitized trash receptacles to maintain a clean and fresh environment.

Dietary

- Inspected equipment utensils and food supplies to ascertain that separation of dairy and meat products was maintained.
- Recommended alternate, economical and nutritional food choices.
