CORA Services  
8540 Verree Road  
Philadelphia, PA 19111

Dear Human Resource Department:

I am interested in the positions in Special Education with CORA Services. My credentials include a Master's Degree in Special Education, a Bachelor's Degree in Psychology, a Pennsylvania Teaching Certification in Special Education N-12 (Instructional I), sixteen years of instructional experience in public, charter and private school settings and five years experience in a supervisor role.

My resume will highlight my commitment to teaching children and showcase my expertise in differentiating instruction across various levels of education from elementary to high school. I have enjoyed the opportunity to teach diverse groups of children, including those who have experienced learning disabilities; behavioral, emotional and/or educational challenges; pervasive developmental disorders such as autism; neurological disorders, including cerebral palsy, muscular dystrophy, and seizure disorders; intellectual disabilities; and other developmental disabilities including traumatic brain injury. These experiences have helped me developed into a well-rounded, flexible and compassionate teacher, who creates effective lesson plans and activities to accommodate each student's unique goals, needs and interests.

I welcome the opportunity to meet with you to discuss how my extensive experience and skills would benefit your academic program. Thank you for your time and consideration in this matter. I look forward to hearing from you.

Sincerely,

Mrs. Diane Lieber Campbell M.Ed
