Dear Cora Hiring Manager,

I am a very enthusiastic and passionate student of early childhood education, who would love to join your team. I've previously worked with the Y.E.S. summer program which helped me develop my team leading and communications skills which I would love to bring to your program. In addition, I have mentored youth in middle and high school working in science and fashion. I look forward to hearing from you, so we can further discuss my qualifications.

Sincerely,
Destiny Elizabeth Pedraza
