March 20, 2019

Hello,

I am interested in contributing to CORA's intensive prevention services (IPS) team to promote and advocate for rehabilitative counseling as an alternative to incarceration and detention.

My practice as a Licensed Social Worker is rooted in systems-centered theory, which provides a holistic lens into the complex factors that aggravate and/or inhibit behavior. The perspective allows the counselor to collaborate and communicate authentically with the individual to address internal and external problems simultaneously.

I am committed to work that is driven by a strong social justice orientation and clinical focus. The mission of CORA's IPS program aligns with my own values and expertise and provides opportunities to work at an individual and systems level to meet outcomes.

Thank you for considering me for the position of IPS Counselor. I look forward to hearing from you.

Sincerely,

Dillon DeWitt
