To Whom It May Concern:

I strongly recommend my colleague, Veronica Knapper, for employment. I have had the pleasure of working alongside her for four years as a school psychologist, two years as a district-level coordinator for RTI, and two years as a district-level coordinator for Special Education within the Bartow County School System.

As a School Psychologist, Veronica completed thorough evaluations and exhibited exceptional professionalism within the schools she served. Additionally, I worked with her to administer the Autism Diagnostic Observation Schedule, Second Edition (ADOS-2) on numerous occasions. Veronica has outstanding clinical judgment which helped me hone my skills as a school psychologist.

Throughout the last four years, I have witnessed Veronica transition and excel in two different leadership roles within our district. I have had the opportunity to observe her leadership skills as well as her interpersonal style and collaboration with other educational professionals (e.g., teachers, administrators, outside agencies) and parents.

Veronica would make an excellent addition to your school system. Please feel free to call me for any additional information/questions.

Sincerely,

Meagan L. Nalls, Ph.D., NCSP
