Experience

Sales Associate

Carters
October 2018 - Current

As a sales associate I assist customers and make their shopping experience the best that it can be. On a normal day, I am putting new products on the floor, helping customers, cashiering, and cleaning. I also complete online orders for customers that could not find what they wanted in the store.

Daycare Teacher

Comfort Zone
March 2018 - August 2018

As a daycare teacher, my duty was to give the children the care that they needed throughout the day. This included things such as prepping meals, changing diapers, taking them outside for outdoor play, and teaching them skills for their future education.

Cashier

Bed Bath and Beyond
August 2017 - February 2018

As a cashier, I mainly assisted customers and bagged items. Giving customers a good experience was our number one priority. I also did many returns and exchanges. I worked in customer service and answered phone calls and made customers happy. Sometimes I would help on the floor and greeting customers.
