RE: Early Years- Summer Camp Counselor

Dear Mrs. Radecke,

I am writing to you in regards to the Summer Camp Counselor position posted on your website with hopes that I will be a part of this team for this summer. I have worked with children for eight years, whether it be as a mother's helper, babysitter, nanny, or camp counselor. I have enjoyed every activity, nature walk, science experiment, and book sharing that I have been a part of over these past eight years.

Currently, I am a sophomore at Temple University, pursuing a Bachelor's Degree in Early Childhood Education, with a concentration in Special Education. My courses and field experience have only emphasized that this is the right track for me and I am looking to continue my experience during the summer months.

I am creative when it comes to art projects, science experiments, and small activities that eat up time between transitions and other larger lessons. I have experience creating lesson plans that accommodate all kinds of learners and developmentally appropriate for the intended students. I am patient when I teach and work with children as it is important to let children figure things out on their own and have the time to formulate a response. I also value confidence in myself and the children I influence as it is important to be confident in one's self as well as in others.

I will be spending my summer in Philadelphia and am looking forward to spending most of it at your summer camp! I have attached my resume as well as my clearances to this upload. I can provide references if needed.

Thank you for this opportunity and please reach out if there is anything else I can do for you.

Thank again,

Livia Sharp
