

To Whom it May Concern:

My name is Coley Alston, and I was Antony Copsey's supervisor during the Summer of 2016. He, along with two other Americorps members, worked at A Second Chance INC, located in Pittsburgh, PA.

A Second Chance, Inc. serves youth in kinship foster care, and Antony was selected to work with elementary and middle school age youth. The three Americorps members worked with A Second Chance to create a reading group for children 6 to 12 years old. The days were based around a lesson plan that the Americorps members worked on; which included various theme days like, Poetry Day and Art day. Each week had a theme that included a field trip. The kids who were in the reading group loved the activities and one-on-one time with the Americorp interns. They were enthusiastic about coming in everyday and had a blast during the summer! I very much appreciated the Americorps members, as they were incredibly respectful and diligent workers. Antony Copsey was a fantastic person, and I will gladly vouch for him.

Sincerely,

*Coley Alston*
