To Whom It May Concern:

It is my great pleasure to endorse Mrs. Kara Kolb for the position of school counselor. I worked with Kara when she was a student in my graduate course at Gwynedd Mercy University. During that time, I was continually impressed with her dedication, advocacy, and passion for the field and for her students. I have no doubt she will make an excellent school counselor.

One of the best qualities about Kara is how thorough she is in everything she does. She works tirelessly to ensure that her students are supported and comfortable and that they are able to be in a school environment that is conducive to learning. Her attention to detail is exemplary, and she acts ethically in every situation. Kara also knows the importance of professional collaboration, and has worked effectively with all members of the school staff to provide a comprehensive approach for her students.

She is relatable and fun, yet at the same time shows the students the value of responsibility and hard work. Kara is able to deftly manage balancing her home life with the demands of being a working professional and graduate student. This skill will serve her well as a school counselor, and I am excited to see where she will go next in her career. I know that she will continue to pave her way in the school counseling world and any students and staff would be lucky to get the chance to work with her.

It has been a true pleasure to work with someone of Kara's caliber at Gwynedd Mercy University. Please do not hesitate to contact me should you need further information about how Kara could be a tremendous asset to your school.

Thank you,

Rebecca M. Cordisco, M.S.
Professor, Gwynedd Mercy University
