

# AETIENNE BUTLER

1718 West Bristol st 2675927135 aetienneb@gmail.com

My name is Aetienne Butler, I am 16 and I go to the Academy at Palumbo. I am 10th grade, I am a honor student and I work well with people in my neighborhood. Once a year we have this festival at my park ; and its something to give back to the kids there are games and musicians there. And I take part of it every year when I volunteer. I have never had a job before, so I do not know what its like but I wanna start working early because it could help me in the future. I would like to go to college for engineering or drama. I do not know the exact college I want to go to but I know I want it to be somewhere out of Philadelphia. In school like I said I am a honor student not the best in the class but ,I work hard and get new grades. I am prepared to do anything to get where I want to be in life.
