To Whom It May Concern:

This letter of recommendation is for Danielle Porrevecchio. I have supervised Ms. Porrevecchio for the past year as the Principal of River Ridge Middle School. I would like to highly recommend Ms. Porrevecchio as an exceptional candidate for your position. She is a member of our Student Services department, educator for Safer Schools, and an overall enthusiastic team member who cares for her students and school community.

By collaborating regularly with her colleagues to disaggregate student data and develop school-wide curriculum, Ms. Porrevecchio has played an integral role in the implementation of our positive and caring school culture as well as several initiatives to further the social emotional health of our students and their families. She sets high expectations for her students and is willing to go above and beyond to help them reach success. Ms. Porrevecchio is well respected by her peers and students alike. When I observed her in a variety of settings from large whole group to one-on-one sessions, she prepared relevant activities based on the audience's needs. She also jumped in to learn and become proficient in the Florida requirements, myStudent reporting system, the Student Progression Plan as well as shows investment in the school by frequently attending/facilitating several community events.

I am pleased to recommend Ms. Porrevecchio as a candidate for your position as she would be an asset to any school community.

Sincerely,

Angie Murphy
