Dear Hiring Manager,

It is with great pleasure that I am submitting my cover letter and resume for consideration for future Elementary Teacher positions.

With over fourteen years of experience as an educator, I am confident in my professional performance as an educator that utilizes targeted instruction to meet the needs of all students. Collaborating and co-teaching with special education teachers as well as other educators in multiple content areas allows me to provide appropriate interventions for my students. As a classroom educator I pride myself in supporting student achievement by fostering goal setting initiatives. Additionally, I help my students track and celebrate improvements over time. More importantly, sharing accomplishments with parents on a consistent basis builds a strong rapport with my students' support systems.

In the Cheltenham and Springfield School Districts, I have assumed various positions. As a Building and Long-Term Substitute, I resumed all educational responsibilities in the absence of the teacher. My goal is was to take full responsibility as a permanent teacher, not a long-term substitute. For example, as a Long-Term Substitute at Glenside Elementary my students' assessment and benchmark scores soared during my leadership. Teaching the Core Curriculum Standards in a creative, exciting manner assisted with my students' success. I found that by researching multiple techniques allowed my learners that faced academic challenges to achieve. In addition, during my duration at Glenside Elementary, I implemented the strategies and conferred with fellow colleagues during the Multi-Tier System of Supports. The interventions have helped the students tremendously and the evidence of growth has been astounding.

Thank you for your time and consideration. I would enjoy speaking to you in person so that we may talk about how I can make a positive impact at MAST Charter School.

Respectfully,
Anita F. Cuyler, M.Ed.
