To Whom It May Concern,

My name is Kayla Peters and I was pleased to learn about the School Counselor position on the CORA website. As an upcoming graduate of the Graduate School of Education at the University of Pennsylvania, I am an ambitious and motivated school counselor, who is well versed in contemporary, best-practice counseling modalities and interventions. This position with CORA strongly corresponds to my professional pursuit of becoming a school counselor.

Throughout my practicum experience with The Philadelphia School District and internship placement at Friends' Central School, I gained valuable experiences of working with students across a variety of environments, backgrounds and grades. From Nursery to 12th grade, I have provided individual and group counseling sessions centering around topics such as anxiety, conflict resolution, stress management, truancy and more! I also have had experience co-teaching social and emotional lessons in the classroom. In addition, I pride myself on the quality and strength of the relationships I can create with students.

After taking some time to research CORA, I am attracted to your agency's commitment and passion to clients and students. I have the desire and enthusiasm to make a difference at CORA. I welcome any further communication that is needed. Please contact me should you have any questions. Thank you for your time and consideration. I look forward to hearing from you soon.

With Gratitude,
Kayla Peters
