I am writing to share my interest in applying for the School Counselor position at CORA. I am a Licensed Marriage and Family Therapist with specialties in Mindfulness, sexuality, and Autism Spectrum Disorders. I have worked closely with CORA employees as members of interdisciplinary teams to best care for mutual clients. I believe my values and therapeutic style align with CORA's mission to meet clients and their families with care and compassion.

I am currently an Outpatient Therapist at The Center for Autism, where I carry a caseload of 25 clients. There, I provide individual, group, and family therapy for clients of various ages who are on the Autism Spectrum. I also create treatment plans, mentor, and model therapeutic interventions for clients' families, and work with other professionals working with my clients to ensure continuity and consistency of care. I work as a guest lecturer, educating about topics including Mindfulness in therapeutic settings, Autism Spectrum Disorder, and Sexuality, as well. Previously, I worked in outpatient therapy at The Council for Relationships and at Friere Charter School, where I maintained a minimum caseload of 20 clients presenting with various mental health concerns and learning differences.

I would very much appreciate an opportunity to interview for the School Counselor position at CORA. Thank you for your time and consideration. If you have any questions, I can be reached at (267) 278 5679 or coryn.n.campbell@gmail.com. I look forward to hearing from you.

Sincerely,

Coryn N. (Campbell) Voce, MS, LMFT
