CORA Services
8540 Verree Rd
Philadelphia, PA 19111

May 20th, 2019

To whom it may concern,

I write with great interest in CORA Services. The clinical programs and services align well with my ideals, and coincide with my post-graduate goals. The approaches, programs, and settings support what I am seeking in my career and I believe they would provide me with a great deal of professional growth and development. I am currently approaching graduation this coming Tuesday, following pursuing an M.S. in Community and Trauma Counseling (CTC) at Thomas Jefferson University, on the East Falls campus, and I'm a graduate of the Pennsylvania State University with a B.A. in Psychological and Social Sciences.

I am currently a Clinical Research Coordinator at Thomas Jefferson University, with a focus on a longitudinal trauma study. Previously, I've provided emotional support services in school-based settings. I also have close to two years of experience working with dual diagnosed patients in drug and alcohol facilities. In my first year with the CTC program at Jefferson, I have supported community members as a practicum student at Feast of Justice, and in my second year I am an intern therapist at Intercommunity Action. This has been a unique opportunity, as I am able to support clients who have never had the opportunity to work with a mental health professional in the past. My experiences in this field have been extremely rewarding. As a result of my experiences, I have grown professionally, become more skilled, and learned a great deal about others and myself. I believe this growth has prepared me to expand my career and be a support to individuals of different backgrounds and with a variety of presenting issues.

I'm an ambitious and versatile woman with an ability to learn quickly and apply my knowledge. If given the opportunity, I am confident that I would readily adapt to the environment of the unit, and become a supportive member of your team.

I look forward to meeting with you soon to discuss opportunities at CORA, and the qualities I bring as a counselor.

Kind Regards,

Kamilah Wright
